

# God the Artist

By: Grace Breitbach

Do you take the time to notice the lovely, beautiful, amazing things in life? The Grand Canyon, Mt. Rushmore, and all the other outstanding things...all of it is art. The World...is art. It's God's art. He shaped the world and painted it blue and green. All the people standing on God's large piece of art are His art, too! He shaped everybody out of His own image. God made every little detail in the world. Famous artist like Leonardo da Vinci and Van Gogh are all good artists, but God is truly the best artist.
