Rosary Craft

1

The different loops and strands represent the different beads found on a rosary.

The first knot/tassel represent the cross and Apostles' Creed, the following strand is the Our Father, followed by 3 Hail Marys, a strand for the Glory Be, the braid for the Miraculous Medal, and then an alternating pattern of hanging strands to represent the Our Father + Glory Be and knotted strands to represent the 5 Decades + Hail Mary's.

2

Color Code

Cross/Apostles Creed, Our Father/Glory Be
3 Hail Marys, Our Father / Miraculous Medal
Five Decades

3

Lark's Knot

This is how each strand is begun. Fold the strand in half to make a loop. Pull the loop around the stick and pull strands through the loop.

4

Tassel

Take 1 of the longer strands and attach to left side of stick with the Lark's Knot.
Tie a Regular Knot 1-2" down. Split the strands apart and center the 9 shorter strands
in between the split and tie another knot so the 9 strands are secured in the middle.
Let strads drape around the bottom knot.

Take remaining longer strands and tie around draped strand one or two times to complete the tassel. Trim Excess

5

Braid / Miraculous Medal

Take all 3 strands in yellow bundle and attach with Larks Knot.

Split into 3 sections of 2 strands each.

Braid the three sections and repeat until desired length, tie a knot at end.

6

Our Father/Glory Be

Use TWO strands and attach with Lark's knot.

3 Hail Marys & Decade

3 HM: Attach single pink labeled strand with Lark's Knot and tie 3 knots about 1" apart representing the 3 Hail Mary's

Decade: Attach 1 green strand with Lark's Knot and tie 10 spaced out knots to represent the decade.

7

Finish

To complete your piece, take the twine provided and make a lark knot on one end of the dowel. Simply tie a basic knot on the opposite end of the dowel to create your hanging. If desired, you can hot glue this knot to keep secure.

Once the hanging is done, you may either glue on your floral pieces, or tuck them into the loops of the larks knot to be switched out seasonally.
